- Oderless mineral Spirits
- Small glass jar with lid (baby food jar)
- Liquin quick drying
- assorted paint brushes\*
  - flat
  - round
- \*\*Cadmium Red
- \*\*Cadmium Yellow
- Burnt Umber
- Pthalo Blue or Ultramarine Blue
- Titanium White
- Mars Black
- Rags or paper towels
- a small sketchbook is suggested but not required

\*For the purposes of this class, I would suggest an inexpensive assortment pack of each of both flat and round synthetic brushes, as we will explore several different sizes and types of brushes. These can be found at Hobby Lobby.

I would also suggest purchasing student-grade oil paints as they can become very pricey as quality increases. Colors will be limited for the sake of color mixing practice as well as to reduce cost for the student.

\*\*Some oil paints may contain chemicals that could be hazardous to your skin and health. Take care when handling these pigments.
